ABOUT ME AND MY WORK

Typical projects, tasks or challenges you partner with nonprofits on?

For the past 25 years I have been involved in finding the most value for our clients' businesses through executive coaching, leadership and management training and development and board development and I facilitate Creativity and Strategic Planning, and Leadership workshops.

Why would someone choose to work with you?

Our clients are varied, from Fortune 500 companies to sole proprietor businesses, from for-profit to non-profit entities, from large companies to small organizations. I have served as Chairman of the Board of the Orange County Capital Development Corporation and Managing Director/CEO for the organization. In addition to these activities, I have been an adjunct professor at NYU, Marist College, Mount Saint Mary and the Culinary Institute of America, as well as serving on several nonprofit boards as chairman and president. Presently I am the Chairman of the Board for Topical BioMedics, Inc., makers of Topricin.
